WHO WE ARE

Blue Cares is a 501(c)(3) non-profit organization and the community outreach program of the San Antonio Police Officers Association (SAPOA).

Every day, San Antonio Police Officers' work hard to not only serve and protect our community, but to also give back. Giving back is what Blue Cares is all about.

In the line of duty, police officers constantly see families that are in need and without basic necessities. Blue Cares is our way of showing our support, but we cannot do it alone.

We need people like you to help us continue to positively impact San Antonio's underserved communities.
